CURE FOR RHEUMATISM.

IN PAINE'S CELERY COMPOUND I NEW LIFE AND ENERGY.

Inspector Samuel D. Conway is Perma-nently Cured — Had Tried Doctors and All Other Remedies Without Any Relief.

Paine's celery compound gives new life

and energy to the system. It is the one true specific for the cure of

It abundantly supplies the materials demanded by the blood and nerves. It is the best possible restorer for elderly people. The period beyond middle life is the most precious part of life. It was meant to be nalm, ripe and strong. At sixty, one should be like well-seasoned timber. To be feeble and weak is not natural, for nature's tendency is toward health. Weakness and pain simply show the need of better food for the nerves and blood.

Says Samuel D. Conway of St. Louis: "I am sixty-four years old. I have resided in

St. Lonis twenty-seven years, and all o this time with the exception of three years I have served in the engineers' department as inspector and overseer.

"Last winter I contracted rheumatism and was laid up. I tried all remedies and doctors, but all failed until I struck Paine's celery compound, which has made a per manent cure of my case. I have recon mended it to many, and they have used with the same result.

"My case was an exception to ret others from the fact that sewers are st always built on low grounds, and tinspector is exposed to the water angarth excavated, which has a tendency to i the system with malaria."

Mr. Conway is one of the treands whose rheumatism has been Paine's celery compound.

BOMB EXPLOSION

In a Church in Paris—The Supposed Author of the Outrage Killed. A nomb was exploded in the Church de Madeleine, Paris, last Wednesday. One person, supposed to be the author of the explosion, was killed and several others were injured. It is generally believed that it was the intention of the miscreant to throw the bomb into the midst of the worshipers who were gathering for the afternoon service. Four persons have been taken into custody on suspicion of being accessories of the man who was killed. The police had the greatest difficulty in getting their prisoners to the station, the mob which had gathered making several attempts to seize the prisoners and lynch them. They were finally landed in the station, where they were placed in cells and put under a strong guard. The afternoon vesper services were about to begin and the edifice was nearly filled when the explosion occurred. Many persons were prostrated by the shock, and the detonation, followed by the crashing of the glass in the windows and shrieks of women and the horrified shouts of men, attracted an immense crowd of people from a distance around.

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but laid with them half open. About this time, at the earnest request of friends, I started using the CUTICURA REMEDIES, and started using the CUTICURA REMEDIES, and in one month the was completely cured. The doctor and drug bills were over one hundred dollars, the Cuticura bill was not more than five dollars. My child is now two years old, strong, healthy and large as any child of her age (see photo.) and it is all owing to CUTICURA. Yours with a Mother's Blessing,

Mrs. Electa Farr Hills, wife of Sidney S. Hills, died last Saturday, March 17, at the residence of her daughter, Mrs. Seth Boyce, aged eighty-one years. Mrs. Hills was a resident of Duxbury from her marriage in 1837 until about two years ago, when she and her husband took up their abode with Mr. and Mrs. Boyce. Health and strength had been her portion through life until shortly after her removal to Waterbury, when she was stricken with pneumonia, from which she did not fully recover. During the last eight months she was confined to her bed, suffering much until death came to her relief. Mrs. Hills will be remembered by the entire community with whom she so long resided as a most kind and sympathetic friend and neighbor, ever ready with heart and hand to assist the sick or do an act of charity. She leaves a husband, one daughter and two sons, with a large circle of relatives and friends, to revers her memory. Her burial took place yesterday in Duxbury, with services conducted by Rev. F. W. Hamblin.

We had the toothsome pleasure of "sampling" them and heartily congratulate the owner

of the grove.

We hear that the grange will at the meeting this week Wednesday discuss the prospects of our common schools under the new school law. Town Superintendent Horace Farnham expresses to us the opinion that they are to be materially benefited by the present system. We have sought the opinions of some of our citizens as to its workings in the last year, and thus far we have heard but little praise of it. What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd. cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea-the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children." DR. G. C. OSGOOD,

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium,

morphine, soothing syrup and other hurtful agents down their throats, thereby sending agents down their them to premature graves."

DR. J

DR. J. F. KINCHELOE,

Lowell, Mass.

"Castoria is so well adapted to children that I recommend it as superior to any prescription

Castoria.

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y. "Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria,

and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it." UNITED HOSPITAL AND DISPENSARY,
